GCU's AFFILIATED INSTITUTIONS

GC University Lahore, a 151 years old historic institution known for academic, intellectual and creative excellence, has decided to share its scholarly resources and pedagogical expertise with sister educational institutions by offering them affiliation opportunities in the courses of their choice. Pakistan is struggling hard to shed off the excessive baggage of poverty, illiteracy and other afflictions which are the off-shoots of the first two. The onus of rapid progress lies squarely on the shoulders of academics, scholars and intellectuals. Improving the quality of education and taking it to the doorsteps of the under-privileged masses is our national duty. It is in this spirit that GC University Lahore has lent a helping hand to other institutions so that they can strive for academic excellence, which has been the hall mark of GCU. In order to achieve this goal GC University Lahore opened the doors of affiliation in the year 2012. This new era of affiliation is one of the most significant initiatives taken by Prof. Dr. Muhammad Khaleeq-ur-Rahman, the former Vice Chancellor of GC University Lahore.

Following are the details of institutions affiliated with GC University Lahore in specific academic programs and sessions:

Sr #	Institution	Academic Programmes	Sessions
