2nd International Conference on Biotechnology for Sustainable Development 2014
(ICBSD – 2014)
November 26th to 28th, 2014

Organized by
Institute of Industrial Biotechnology (IIB)
GC University Lahore, Pakistan
About Conference
Institute of Industrial Biotechnology is organizing this international event with the main purpose to bring together the leading professionals from Academia, Industry and Government to discuss and develop breakthrough technologies and processes for global sustainability.

Aims and Objectives
- To promote and safeguard the interests of Biotechnology as a science, industry or trade by coordinating with research professionals and academic institutions.
- To promote academia and industry linkages in the field of Biotechnology.
- To act as a facilitator between industry and Governments to encourage investments in the field of Biotechnology.
- To promote Biotechnology in the country by pooling resources and expertise of each institution and thus to keep pace with the advances in the field of biotechnology.

Areas to be covered (but not limited to):
- Industrial Microbiology and Biotechnology
- Agri-biotechnology
- Animal Biotechnology
- Health Biotechnology
- Biofuels & Bio refinery
- Bioprocess Technology
- Environmental Biotechnology
- Nanobiotechnology
- Biosafety and Biosecurity

Venue
GC University Lahore, Pakistan.

Abstract Submission
- Abstracts should be submitted as Microsoft Word for Windows documents with a ‘.doc’ or ‘.docx’ extension. PDF is not an acceptable format.
- The abstract should be saved with the file name ‘ICBSD2014-author surname’.
- Abstracts should be submitted through email as an attachment to icbsd2014@gcu.edu.pk.
- Abstracts will not be accepted by fax or hard copy.

About Lahore City
Lahore is Pakistan’s most interesting city, the cultural, intellectual and artistic centre of the nation. Its facade elegance, busy streets and bazaars and wide variety of Islamic and British architecture make it a city full of atmosphere, contrast and surprise. Being the centre of cultural literary activities, it may rightly be called as the cultural capital of Pakistan. The warm and receptive people of Lahore are known for their traditional hospitality. Since independence in 1947, Lahore has expanded rapidly as the capital of Punjab. It is the second largest city in the country with a population of over 9.5 million. It is an important industrial centre. Lahore is the site of architecturally significant buildings and monuments, many dating from the Mughal Empire (1526-1707), during which the city achieved great prominence.

About GC University Lahore
After 150 Years of its wonderful history, the Government College, Lahore was raised to the status of a University in 2002. It was renamed as the GC University Lahore. The academic life here has been re-shaped in accordance with its new challenges with a hope to fulfill the expectations that go with a University. The GCU is committed to act as a promoter of quality education for all. This Institution is one of the oldest seats of learning in the Muslim world. As a seat of higher learning GC University blends grand old traditions and modern educational standards to meet the ideals set by persons like Dr. Leitner, philosopher the poet, Dr. Muhammad Iqbal and the Noble Laureate, Dr. Abdus Salam.

About Institute of Industrial Biotechnology
Institute of Industrial Biotechnology (IIB) was set up in 2005 at GC University Lahore under a grant of Rs. 48.087 Millions from Higher Education Commission (HEC) of Pakistan. IIB is a vibrant and ambitious institute which has gained a good repute in the University and the society due to its strong commitment to excellence both in research and teaching during the last five years. The aim of IIB is to develop indigenous experts in Microbiology and Biotechnology. The Mission statement of IIB is the: “Uniting efforts for the development of human resources and sustainable bioprocesses in the integrated fields of Microbiology and Biotechnology.”

About Weather
During the last week of November, weather is fairly cool and dry with no much precipitation (less rain fall). The temperature of day and night varies from 18-22°C and 12-15°C, respectively.

How to reach Lahore?
Lahore is very well connected with other cities in the country by air, road and railway. Air travel, flights operate daily among Lahore and Karachi. Alternately, one may take international flight for Islamabad which is about 4 hours drive by Motorway.

Travel
Participants are required to arrange for international travel from their own Institutes / Governments. Local hospitality such as boarding / lodging and transport will be provided by the organizing committee.

Accommodation
We will try our level best to provide accommodation (for 3-4 nights) to all International participants. If a participant wishes to stay more, he / she can do it at their own expenses. For accommodation PC, Avari, Holiday Inn, Symans or Aamer Hotels, etc. are available. However, we will facilitate in finding an alternate hotel.

Visa
Every participant should make his / her own arrangement for receiving the Pakistani visa by contacting the Pakistani Embassies and Consulates in their home countries. If needed, the organizers will send them official letters confirming their participation in the conference.

International Invited Speakers
- Dr. Robert Gunsalus
  Department of Microbiology, Immunology & Molecular Genetics
  UCLA, CA 90095, USA
- Dr. Zhiyo Wen
  Associate Professor
  Department of Food Science and Human Nutrition, Iowa State University, 2312 Food Science Bldg. Ames IA 50011, USA
- Dr. Laura R. Jarboe
  Associate Professor, Chemical and Biological Engineering
  3851 Sweeney Hall, 4134 Biorenewables Research Laboratory
  Iowa State University Ames, IA 50011, USA
