From Climate Injustice to Climate Justice: Tailoring a New Social Contract
 Paper Presented in Online *International Conference on Sustainable Governance in Global South: (Re-thinking Social Contract for Pakistan (ICSGGS-23))*. This research states that Climate justice aims at enduring equitable position for all the state holders of the planet "Earth". This research aims at highlighting the major contributors to environmental pollutions. Along with that, it will also discuss the modes and types of sufferings and their socio-politico-economic effects on the societies; particularly in the Global South. This research will also propose solutions to combat climate justice.
